Profile

Current student looking to join the workforce to gain real-world experience. Ability to complete tasks in a timely manner in both individual and team settings. With my passion for building efficient and scalable backend solutions with the Django framework. I am confident in my ability to contribute to team's success.

Training

I have trained and gained experience in Python, Django, MySQL, HTML, CSS, Git and GitHub from Tops Technology Pvt Ltd

Skills

- Python
 - HTML, CSS
 - My SQL
 - Git
 - Django Framework
 - REST API
 - JavaScript
 - GitHub
-

Project

E-commerce – Seasoned Django developer with a proven track record of designing and implementing complex E-commerce solutions. I have successfully created and deployed a feature-rich E-commerce website, offering a seamless experience for both sellers and buyers. On the seller side, I've enabled user registration, login, password management, and product management features, including categorization, detailed product views, and editing/deletion capabilities. For buyers, I've implemented user registration, login, password management, product browsing, shopping cart functionality and wishlist. My commitment to clean and efficient code ensures the platform's reliability and scalability. I'm eager to bring my skills to new projects and contribute to innovative web solutions.
